

Forged invoices

Please note that fake invoices are repeatedly sent to exhibitors by unauthorized third parties. These invoices are intended to give the impression of being connected with your exhibition participation and use the logos and brands of the organizer and/or his partners for this purpose. Payment has to be made to an account abroad.

Please therefore only pay invoices that you can clearly allocate to your order with the organizer or his partners.

Warning against dubious hotel offers

Again and again travel agencies, especially English-speaking ones from Great Britain, approach our exhibitors and offer allegedly "entitled discounts" on hotel accommodation. Please be aware that the organizer or NürnbergMesse GmbH has not commissioned any travel agencies, especially in Great Britain or the USA, to contact exhibitors and sell hotel rooms. Please be alert if you are contacted by English-speaking telephone numbers that also give the impression of calling in the name and on behalf of the event team. Do not book hotel rooms over the phone if approached by phone and do not give payment information over the phone.

NürnbergMesse operates its own hotel booking platform, accessible at hotels.nuernbergmesse.de, where we offer exhibitors allotments of rooms in our partner hotels. You are welcome to book here, contact the travel agency of your choice or book directly at the hotel of your choice.

Information on external exhibitor directories

It is known that various vendors use the name and/or logos of the organizer and / or NürnbergMesse GmbH events to generate fees for exhibitor directories and/or advertisements. The main vendors involved in this practice are International Fairs Directory and Expo Guide. You normally receive a form requesting you to order an entry in an exhibitor directory and/or an advertisement. The organizer and NürnbergMesse GmbH expressly points out that it does not support such actions.

On casual inspection, you might initially assume a free service, but this is usually not the case. You could be signing a contract for several years that obliges you to pay considerable amounts of money. For example, at Expoguide and International Fairs Directory. Detailed information can be found at AUMA Association of the German Trade Fair Industry.

Legal information and warning notices for exhibitors

Sales offers visitor data

Exhibitors at trade fairs have been offered alleged visitor data from the fair for sale by e-mail.

The alleged visitor data offered are dubious offers that are not in connection with the organizer or NürnbergMesse.

The organizer or NürnbergMesse points out that it distances itself from such apparently dubious business practices and does not maintain any relations with the providers of the alleged visitor data.

Protection of industrial property rights – plagiarism
