

Fact Sheet - Marketing	Section: On Site
<p>Product name:</p> <p>Flying object</p>	<p>Sample picture:</p> 
<p>Artwork until:</p> <p>4 weeks before the start of the exhibition</p>	<p>Data:</p> <p>vectorized PDF or EPS files</p>
<p>Format:</p> <p>max. 2.00 x 0.75m</p>	<p>Colour management:</p> <p>If we do not receive any color codes, we will use the color data from the files. However, we cannot accept responsibility for the CI in this case.</p>
<p>Layout:</p> 	

<p>Information:</p> <p><u>Please note</u></p> <p>The daily operating times of the zeppelin during exhibition days are around 10 hours from approx. 8:30 am. Two hours of breaks in total must be included within this period, for technical and safety reasons. However, peak times will be taken into consideration.</p> <p>The base color of the envelope is always white. Ideally, the artwork includes text that can be cut into individual letters, a logo and possibly the hall and stand number. Photographic images and colour gradient are also possible. Letters should be at least 10 cm high to ensure good visibility.</p> <p>An application of one continuous layout across the entire width of the printable area is not possible as the round shape of the zeppelin will cause the foil to crease. An application of the design across the entire surface of the zeppelin is also not possible.</p>
