Information Lanyards license:**Please note**

Please make sure that your lanyards are manufactured with material that does not contain any substances hazardous to health or damaging to clothes.

In order to speed up processing at the entrance, please also ensure that the lanyards are not packaged individually (wrapped in plastic).

Please also ensure that the hooks are not provided with protective covers or stickers.

The Lanyards need to arrive at our premises at least one week before the event and must be bundled as shown in the image on the left side.

If Lanyards aren't delivered to us as described, additional work needs to be carried out prior to the event at your expense.

Any remaining Lanyards will of course be returned to your stand at the end of the event.
