

Book the service now directly in the Online ExhibitorShop. You will find the access link on the cover page.

The screenshot displays a video player interface. On the left, a vertical list of video thumbnails is visible, with the first one selected. The main video area shows a presentation slide titled "Application Examples of Embedded Vision Systems". The slide is divided into three columns: "Search & Inspection", "Tracking", and "Logistics". Each column contains a diagram illustrating a specific application. A small inset video in the top right corner shows a person speaking. The video player controls at the bottom include a progress bar, a play button, and a "Full Screen" button.

<b>Information:</b>
<b><u>Please note</u></b>
Excluded are presentation topics that have conference character or are tangential to conference topics.
